RE: IRS-CIA contacts regarding individuals

Dear Mr. Gregg:

In response to your letter dated 5 November 1975 (Review Staff 75/2949/1) complying with our request dated September 12, 1975, we note that you have furnished 29 instances in the time period questioned.

One instance specifies that an examination was terminated. Two instances indicate a request for "informal guidance" from the IRS, without specifying the nature of the subject about which guidance was needed. The remainder of instances list merely that unspecified "information" was "provided to IRS."

Since your letter indicates that considerable time was expended in researching your files, please provide the specific information given to, or requested of, IRS in each case except as to the instance labeled "Individual No. 20."

Sincerely,

A. Searle Field
